SUMMARY

Graduate Web Developer with a Bachelor of Science in Computer Science and a Minor in Artificial Intelligence. Currently working at Ocular, building multi-tenant web features with Vue 3, TypeScript, Inertia.js, Vite, PHP, Laravel, PostgreSQL, and REST API integrations. Practical experience with React, JavaScript, HTML, CSS, Node.js, Express, responsive design, form validation, and authentication flows. Interested in creating clean, accessible, user-focused web experiences supported by reliable backend services.

EDUCATION

Victoria University of Wellington

2023-2025

Bachelor of Science - Computer Science, Minor in Artificial Intelligence

Relevant study: Web Development, Human-Computer Interaction, Software Engineering, Databases, Algorithms and Data Structures, Machine Learning

EXPERIENCE

Full Stack Developer

Jul 2026-Present

Ocular

- Develop and maintain multi-tenant web application features using Vue 3, TypeScript, Inertia.js, PHP, Laravel, and PostgreSQL.
- Build end-to-end workflows across Vue components, Inertia requests, Laravel routes, middleware, controllers, Eloquent models, validation, and database migrations.
- Contribute to REST API and service integrations covering authentication and authorisation, search, file storage, email, document generation, queues, and real-time features.
- Work in a Docker and Laravel Sail environment with Ziggy, Laravel Precognition, Valkey, Meilisearch, Reverb, MinIO, Spatie Media Library, Gotenberg, Mailpit, auditing, and versioning.

Coding and Robotics Tutor

Jan 2024-Present

Scots College

- Deliver programming and robotics sessions using Python and robotics platforms for students with varied experience levels.
- Support debugging, testing, structured problem solving, and step-by-step technical learning.
- Guide robotics competition preparation, including RoboCup, while building strong communication and mentoring skills.

PC and Mobile Phone Repair Technician

Dec 2025-Feb 2026

UR Tech

- Diagnosed hardware and software faults across computers, mobile phones, and electronic devices.
- Installed and configured operating systems, completed device setup, data transfers, updates, and quality checks.
- Explained technical issues clearly to customers and recommended practical, reliable solutions.

PROJECTS

Reel Local Cinema SaaS | React, TypeScript, Node.js, Express

- Developed a responsive cinema booking application with movie browsing, detail pages, protected routes, authentication flows, booking workflow, and user profile pages.
- Built reusable frontend components and connected user-facing functionality with backend API endpoints, structured error handling, and maintainable routing.
- Published a live project demo and used Git-based and AI-assisted workflows for planning, debugging, code review, and validation.

Event Management Web Application | Vue.js, JavaScript, HTML, CSS, REST APIs

- Built responsive interfaces for event creation, RSVP management, authentication flows, and user interactions using component-based development.
- Implemented form validation, state updates, error handling, and REST-based data interactions to improve usability and application behaviour.

Personal Portfolio Website | HTML, CSS, JavaScript, GitHub

- Designed and maintained a responsive portfolio showcasing projects, technical skills, and professional experience with clear recruiter-focused navigation.
- Managed updates through Git and GitHub and applied deployment-focused workflows to publish improvements.

TECHNICAL SKILLS

Frontend: Vue 3, TypeScript, JavaScript, Inertia.js, Vite, Ziggy, Laravel Precognition, React, HTML, CSS, responsive web design

Laravel and Integration: PHP, Laravel, routing, middleware, controllers, Eloquent ORM, REST APIs, authentication and authorisation, Reverb, Queue

Data and Services: PostgreSQL, Valkey, multi-tenancy, Meilisearch, MinIO, Spatie Media Library, Gotenberg, Mailpit

Tools and Delivery: Docker, Laravel Sail, Git, GitHub, auditing, versioning, debugging, testing, accessibility awareness, deployment workflows

CERTIFICATIONS AND ADDITIONAL INFORMATION

AWS Certified Cloud Practitioner - 2026

VUW Git and GitHub Workshop - 2024

Full New Zealand Driver Licence | Eligible to work in New Zealand | Open to relocation
